HURT! LINE

## Free 24/7 Access to Injury Specialists

HURT! is a mobile app that connects patients instantly with our orthopedic response team. With HURT!, healthcare is no longer a maze of appointments and referrals, but a seamless journey tailored to your individual needs.

### How does it work?

Set up a free account and connect with a HURT! specialist **in minutes**. Send photos and video of the injury securely.

Our team will help triage the injury and navigate the injured person to a **nearby specialist** if further treatment is needed.

**Bypass** expensive, time consuming, and potentially unnecessary ER visits.

**Save** your money, because HURT! is completely free to download and use. Our team is available **24/7, 365 days a year**.

### A whole network of orthopedic experts on call at your fingertips.

Don't wait for that strain, sprain or crunch to happen. Be prepared and protect your peace of mind by downloading HURT! now.
